

**KINGSFORD RESIDENTS
NOTICE OF SEWER PROJECT CONTINUATION**

The contractor for the City of Kingsford has continued with the storm sewer separation project in the Breitung area of the city. Residents and businesses in the area south of Breitung Avenue and north of Emmett Street between Quincy Street and Birch Street should expect to experience interruption in normal traffic flow and normal street parking during the next couple of months. During this period, minor inconveniences may occur within the area of construction. We will do our best to try to minimize any such inconveniences. Meanwhile, we appreciate your patience and cooperation while this important work is being performed.

Anthony D. Edlebeck
Superintendent
Kingsford Public Works Department
